rubber tracks provide greater
mobility at higher speeds**

ATD5000

Allen Engineering is proud to present the new ATD5000 Allen Track Dumper. This ride on tracked dumper can move up to 1.5 yards of material and is powered by a robust 24.8 HP Kubota Diesel liquid cooled engine. The ATD5000 comes fully hydraulic to eliminate wear items such as belts and pulleys and also boasts a 180° swivel bucket allowing for versatility and ease of material placement.

Operator console and controls designed for comfort and simplicity. With an intuitive design allowing for maximum production and minimal operator fatigue, you will find yourself able to work all day in a safe and comfortable setting.
