Roger Lawhon Joins The Allen Engineering Team To Cover Pacific Northwest Territory

We are excited to announce our newest addition to the Allen Engineering Team, Roger Lawhon. Roger has accepted the role as Territory Sales Representative for our Pacific Northwest Territory (WA, OR, ID, MT, WY, UT, CO, AK, & Western Canada).

With over twenty years of experience providing premier customer service to the concrete industry selling a full line of concrete related products, including the full line of Allen Engineering equipment, Roger's experience selling concrete equipment will enable him to hit the ground running.

Roger has been happily married for eleven years and is a proud father of three daughters and one son. He and his family are relocating from Missouri to Idaho and they couldn't be more excited as one of their favorite pastimes is spending life outdoors either fishing, hunting or hiking.

Everyone at Allen Engineering Corporation is proud to have Roger representing us! He's a man that prides himself on recognizing customers' needs, solving problems, and living day to day with integrity and honesty.

Please help us welcome Roger to the family.
