TAYLOR BARRINGTON // ACCOUNTING

Just over two years ago, Taylor began working at AEC carrying on a family tradition started by her mother (Jennifer) who has been with the company for 28 years.

Taylor grew up attending Allen Engineering functions with her mother and actually worked-part time in our Literature Dept. while she was in high school. Taylor started full time at AEC as an HR Assistant and then transitioned into the Accounting Dept. Before coming to AEC, Taylor spent several years as Office Manager in a local medical clinic.

Taylor is a 2009 graduate of Greene County Tech High School in Paragould and Arkansas State University in Jonesboro. Taylor earned a Bachelor's in Business with an emphasis in Management.

Taylor stays busy outside of work with activities centered around her church including the Bible Quiz team, Children's ministry, Media ministry, Ladies' ministry, and the Praise / Worship team. Taylor also keeps everyone at AEC laughing and smiling with her witty sense of humor and sweet spirit.

Bet You Didn't Know: Taylor enjoys bowling, watches all the "I Love Lucy" reruns, and is crazy about the KU Jayhawks basketball team!
