Published In Newsletters

The HDX605 was designed with the high volume flatwork concrete contractor in mind. This new rider is not only fully hydraulic, but it also comes with cruise control, digital readouts for accurate fuel levels and diagnostics, and a large 13 gallon fuel tank for longer run times. It is also equipped with powerful pumps that help maintain excellent torque even at high rotor speeds. This makes the machine excellent for panning or finishing operations.

HDX605 Standard Features & Benefits

- 8’ Class fully hydrostatic machine
- Reliable Kubota 57 hp gasoline engine provides excellent power.
- Digital read out shows accurate fuel levels, temperatures and more.
- Lower cost alternative to T4F diesel engine machines
- Available for purchase this December
