

Employee Spotlight: Jason Morris

December Mon, 2016

Published In **Newsletters**

Field Sales Technician

Jason Morris joined Allen Engineering in September of 2016, and has been a great addition to our sales team.

As a field sales technician, he works with our territory sales representatives in the northeastern United States and eastern Canada demonstrating our equipment on jobsites and supporting AEC Dealers in any way needed.

Jason came to us well qualified as he had been an AEC dealer salesman and was a graduate of an Allen Concrete College in recent years. Being highly impressed with all of the employees at AEC and the Allen product line, he jumped at the opportunity to join Team Allen when the opportunity became available.

Allen Engineering Corp , web: www.alleneng.com, email : marketing@alleneng.com

He has enjoyed being able to introduce more contractors and dealers to the Allen brand on jobsites all over his territory. We are proud to have Jason as a most valued team member!

Jason is married and has two daughters. He enjoys spending time with them as well as running, hiking, and swimming. As a Pennsylvania native, he is especially fond of Pittsburg-based teams like the Pirates, Penguins and Steelers.

Bet You Didn't Know: One of his favorite movies is "A Christmas Story." He has even been to the house in Cleveland, OH.
