Allen Introduces New Pro446X Walk-Behind Trowel

July Fri, 2021
Published In Concrete Equipment News

Paragould, Arkansas USA - Allen a leader in professional quality concrete placement, finishing, polishing, and paving equipment, announced the debut of their newest walk-behind trowel. The Pro446X is an all-new heavy-duty walk-behind trowel that comes with an efficient helical gearbox that can tackle the most demanding projects.

The Pro446X is the newest walk-behind trowel in the Allen lineup and is equipped with a variable torque converter clutch, allowing for low-speed torque and high-speed finishing. The plow handle design puts the operator at ease when pitching the blades to an all-new height.
