Paragould, Arkansas USA - Allen Engineering Corporation (AEC), a leader in professional quality concrete placement, finishing, polishing, and paving equipment, announces their newest partnership with Messersì, S.p.A. AEC is to become the Exclusive Master Distributor for Messersì equipment in North America. This partnership will bring Allen by Messersi tracked buggies and tracked dumpers to North America, providing customers with the same customer service, quality, and innovation they expect from Allen Engineering.

Alle kan de købes online lige her på siden helt uden recept Viagra med hurtig levering når de køber medicin online 25, 50, 100 mg dosis til den billigste pris.

Jay Allen, CEO of AEC said, "This Distribution Agreement with Messersì, S.p.A is a natural evolution of the last seven years of doing business together. We are excited to add more tracked buggies and dumpers to our offering as well as drive into new markets with this partnership."

Our official introduction of Allen by Messersì products into the North American market will take place at the 50th Annual World of Concrete tradeshow in Las Vegas, NV. For more information about Allen Engineering and Messersì, please visit their websites at alleneng.com and messersi.it, respectively.

About Messersì

Messersì is a renowned manufacturer of compact construction equipment ranging from mini-dumpers and track carriers to compact loaders and mini-excavators. Since their start in 1957, they have continued to dominate the market with their cutting-edge equipment and innovative technical solutions. Headquartered in Ancona, Italy, Messersì's focus on customer service, quality, and innovation make them a perfect partner for Allen Engineering.

Viagra är det mest kända bland potensmedel och också det första köpa Viagra Generisk på nätet i Sverige. Efter at have taget placebo, med deras potensproblem.
