

## What's New with AEC?

March Mon, 2021

Published In Newsletters

### Website

Check out the new and improved Allen Engineering website! We've created a much cleaner and more user-friendly website for our customers. We've included a product comparison feature, interactive catalogs, and are expanding our Allen Net to include order history and shipping information (username and password required for our AEC Dealers).

We are also excited to announce that our website is now mobile-friendly! Access all the information you want, anywhere you want, at any time.

### Printed Catalogs

Our 2021 Printed Catalogs are here! New for '21, we've split our catalog in two and have produced a unique catalog for our Placing, Finishing, and Polishing equipment and for our Paving Equipment. If you would like to have one or several catalogs mailed to you free of charge (in the USA only), please visit our website at [www.alleneng.com](http://www.alleneng.com).

### Please join us in welcoming these new AEC Associates

We're excited to announce the addition of the following associates to Team Allen:

#### Fabrication

- Jacob Howe
- Jerrica Mullen
- Dylan Flannery

#### Assembly

---

### **New Additions to the AEC Family**

Joey Ward, International Sales Director, and his wife Maggie welcomed their first baby at the end of 2020. Juniper Lee Ward, 6lbs 6oz, was born on October 27th, 2020.

Josh Reynolds, IT Technician, and his wife Heather welcomed their first baby at the end of 2020, as well. Rosalie Reynolds, 9lbs 15oz, was born on November 4, 2020.

May God Bless these precious children and their parents in the years to come!
