14 Cubic foot bucket with a 2,100 lb payload capacity

Poly bucket design allows bucket to be cleaned more efficiently

Engine cover fully encloses the engine components

Tie down rings to secure on a trailer

Narrow 31.5" width allows buggy to fit through 36" doors

Rubber tracks for extra load capacity and traction

AT14F

The AT14F rubber track buggy is a rugged and compact machine that will haul and dump any bulk material. This machine comes equipped with simple intuitive controls, a 20 hp engine, and a 14 cubic foot poly bucket. It is a perfect fit for concrete workers, landscapers, contractors or anyone else who needs to haul or dump material on a regular basis.
