ATD11000

Meet the ATD11000 Track Dumper—built for power, precision, and operator comfort. With a 115 HP Perkins turbo diesel engine, 600 mm wide tracks, and a hydrostatic transmission, it's ready to tackle the toughest terrain. The rotating driver's seat, joystick controls, and A/C cab keep operators in control and comfortable all day long.

The 180° swivel dumping vessel is joystick-operated for fast, precise unloading, and the fully enclosed cab with air conditioning keeps the operator comfortable in any environment. With 24" wide tracks, a rear camera, and a versatile track body, this dumper is perfect for transport, crane work, and pile driving—especially on soft or muddy ground.
