# **E**SCREED™

POWERED BY **CAS**

THE ELECTRIC SCREED BY

MAGICSCREED.COM

FOLLOW US:

Designed for enclosed areas or job sites with strict CO<sub>2</sub> limits, the E-Screed delivers the same proven Magic Screed results with zero emissions and ultra-quiet operation. Its high-frequency vibration ensures even concrete distribution across the entire blade length, effectively dispersing aggregates and eliminating air pockets. This results in optimal compaction, structural integrity, and consistently high-quality floors.

Powered by Metabo's **CAS Li-HD** technology—the world's largest multi-brand battery system—it offers cross-compatibility with over 50 brands and 500 tools.

## BENEFITS OF BATTERY POWER

### ZERO EMISSIONS

No exhaust fumes, no headaches, and a safer workspace—ideal for sites with strict CO<sub>2</sub> limits.

### QUIETER OPERATION

Runs quieter than gas engines, creating a more comfortable work environment in noise-sensitive spaces.

### LESS MAINTENANCE

With no engine parts like carburetors, spark plugs, or filters, maintenance is reduced. No gas or oil needed.

### INSTANT START

Instant start with no pull cords or engine warm-up time in cold weather.

### SPECIFICATIONS

MODEL	#HDE-2525
ELECTRIC MOTOR	36 V BLDC MOTOR
BATTERY TECHNOLOGY	METABO (CAS) Li-HD, 18 V, 10 Ah
HORSEPOWER	0.74 HP (0.55 kW)
DRY WEIGHT	36 LB (16.3 KG)
VIBRATION FREQUENCY	7500 RPM
CONSOLIDATION DEPTH	UP TO 6" / 15.24 CM

#HDE-2626: + EXTRA VIBRO MOUNTS

### BATTERY KITS

#KBE2525-2	#KBE2525-4
2X BATTERIES + DOUBLE CHARGER	4X BATTERIES + DOUBLE CHARGER
5,000-8,000 FT <sup>2</sup> PER CHARGE	FULL DAY AUTONOMY

\*DUAL-BATTERY OPERATION

# LET THE VIBRATION WORK FOR YOU

4-16 FT

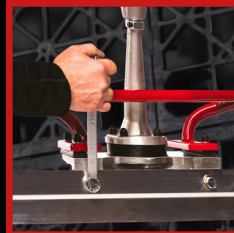

## REVOLUTIONARY PATENTED BLADE SYSTEM

The Magic Screed aluminum blades are known for their unmatched straightness and innovative shape design, ensuring precise, flawless concrete leveling.

### ROLL-BACK FEATURE

Prevents concrete accumulation by rolling back the excess instead of letting it flow over or under the blade.

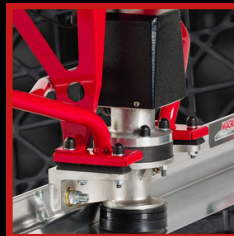

### QUICK BLADE SWAP

Blades can easily be changed in less than 2 minutes with the help of a wrench, and they fit on both the Magic and E-Screed.

### ROUNDED EDGES

Enhance precision by making it easier to navigate around piping and other obstacles.

### ANTI-VIBRATION SYSTEM

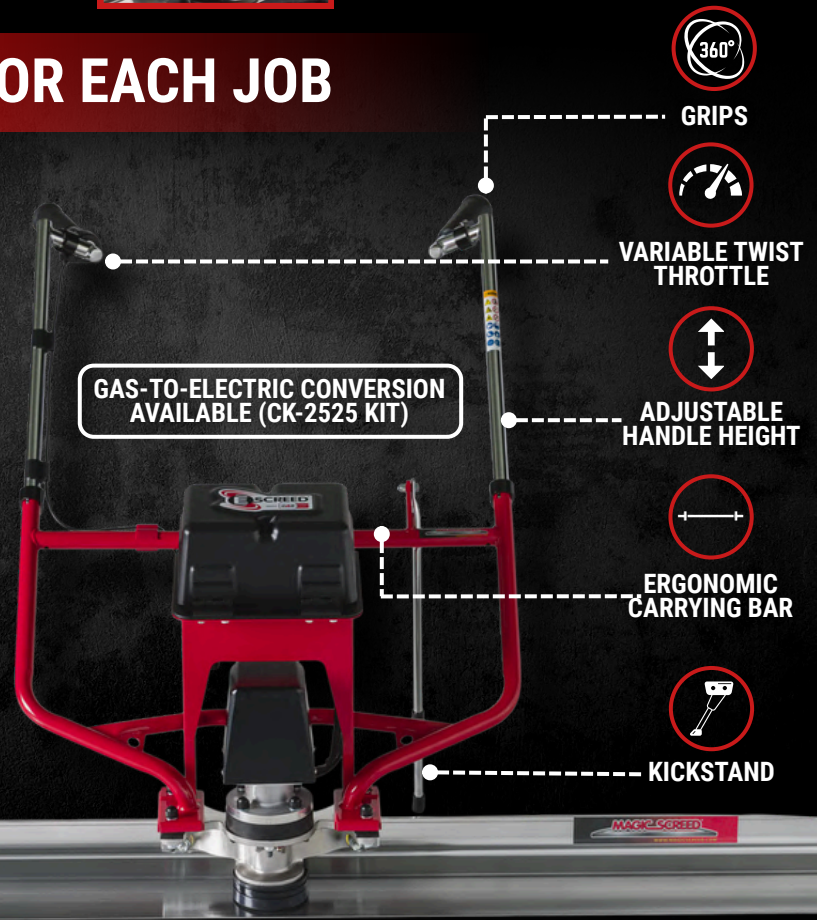

Keeps vibrations concentrated in the blade, reducing handle feedback for greater comfort and control.

## PERFECT BLADE SIZE FOR EACH JOB

BLADE	SIZE	WEIGHT
#2050	4 FT (1.2 M)	6.7 LB (3 KG)
#2051	6 FT (1.8 M)	10.1 LB (4.6 KG)
#2052	8 FT (2.4 M)	13.4 LB (6.1 KG)
#2053	10 FT (3 M)	16.8 LB (7.6 KG)
#2054	12 FT (3.6 M)	20.2 LB (9.2 KG)
#2055	14 FT (4.3 M)	23.5 LB (10.7 KG)
#2056	16 FT (4.9 M)	26.9 LB (12.2 KG)

**HARDENED EXTRUDED ALUMINUM**  
Strong - Straight - Durable

COMPACTS UP TO 6" WITHOUT EXTERNAL VIBRATORS

# MAGIC SCREED

## THE EVOLUTION OF LEVELING

In 1984, Quebec City concrete finisher Roger Rouillard invented the first handheld vibratory screed that floated independently on concrete—a groundbreaking tool that made leveling up to 4x faster than traditional methods.

“SO REVOLUTIONARY THAT IT HAD TO BE CALLED MAGIC.”

— Roger Rouillard | Founder, 1984

### LEGACY & EXPERIENCE

Inventor of the original handheld screed, with 40+ years of field-proven success.

### SPECIALIZATION

Unlike companies that do everything, we focus on one thing and do it exceptionally well—we’re continually refining our screeds and setting the benchmark for quality, performance, and manufacturing excellence.

### MADE IN CANADA

Manufactured locally to higher standards than generic imported alternatives.

Working with different brands?  
All with just one  
 battery pack.
